Therapeutic Oil

A Miracle in the Bottle

EGA Therapeutic is made pure as Mother Nature intended - free of all chemicals, fragrances, colorants and preservatives. Composed of organically grown and harvested botanical ingredients, EGA® Therapeutic is the World's only therapy oil energized by Nature and Science.

Each bottle holds Nature's most powerful universal healer and energy amplifier, a natural quartz crystal, further enhanced by the AMized® Fusion Technology.

This highly energized quartz increases the potency of the oil and when absorbed into the skin, leaves you totally re-energized, re-harmonized and re-balanced wherever any 'imbalances' are to be found.

Light and rapidly absorbed, EGA® Therapeutic is the ideal multipurpose therapeutic oil, for use on the face or the body. Rich in botanical actives and essential fatty acids, EGA® Therapeutic treats affected areas for instant relief, nourishes and protects with each and every use, while rebalancing your bio-energy field into a state of perfect equilibrium.
